Dear Clerk Of PSC,

Dear Chairman A. Fay, Commissioners G. F. Clark and A. Graham, I'm writing the commission to not approve FPL \$400 million unnecessary gas infrastructure 10 year base rate plans. Unbelievable after last year in March asking the same commission for a rate adjustment for Fuel Charges which by me being a FPL customer and spoke against it. Now I'm urging the commission to say enough is enough to FPL greed for profit! Instead invest in a efficiency program that save money, energy to help their customers during the summer months instead of building this project for winter months being that we live in Sunny South Florida.

Sincerely,  
Mr. Mister Wade
