Florida Power & Light Company related to
Hurricane Irma.

DOCKET NO. 20180049-EI
ORDER NO. PSC-2022-0317-CFO-EI
ISSUED: September 7, 2022

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 03557-2022, X-REF. 03297-2022)

On May 31, 2022, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed a Request for Confidential Classification (Request) of certain cost information provided in FPL's informational filing concerning Hurricane Elsa and Tropical Storm Fred (Exhibit A) (Document No. 03297-2022). On June 10, 2022, FPL filed a corrected Exhibit A, Document No. 03557-2022, and asked that it replace the previously filed Document No. 03297-2022.

Request for Confidential Classification

FPL contends that the information contained in corrected Exhibit A, more specifically described in Exhibit C to its Request, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPL asserts that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

The information contained in corrected Exhibit A consists of searchable spreadsheets that provide: 1) data documenting the receipt, review, adjustment where appropriate, and payment of FPL's Hurricane Elsa and Tropical Storm Fred costs incurred for line contractors and vegetation contractors; and 2) Hurricane Elsa and Tropical Storm Fred contractor travel logs. FPL argues that this information relates to bids and contractual data the disclosure of which would impair the competitiveness of both FPL and its vendors. FPL further contends the disclosure of this information would impair its ability to execute these types of transactions on the most favorable terms for the benefit of its customers. Thus, FPL argues that this information is protected by Sections 366.093(3)(d) and (e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The contractual data, if disclosed, could adversely impact FPL's competitive interests as well as the competitive interests of its vendors. Thus, the information identified in Document No. 03557-2022 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Gabriella Passidomo, as Prehearing Officer, that Florida Power & Light Company's Request for Confidential Classification of Document No. 03557-2022, is granted, as set forth herein. It is further

ORDERED that the information in Document No.03557-2022, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Gabriella Passidomo, as Prehearing Officer, this 7th day
of September, 2022.
