Dear Mr. Griffin and Mr. Oertel:

By this letter, Commission staff respectfully requests that City of Gulf Breeze (City) and the Okaloosa Gas District (District), the joint petitioners, provide responses to the following questions.

- 1) Paragraph 1 of the joint petition states that the City provides retail natural gas service to approximately 4,780 customers in Santa Rosa County. Please state the number of retail customers served by the City in Escambia County, which is also within the City's service territory.
- 2) Paragraph 5 of the petition states that the District provides retail natural gas service to approximately 4,798 customers in Santa Rosa County. Please state the total number of customers served by the District in its entire service area.
- 3) Please state and discuss if the City and the District currently have an effective joint territorial agreement. If the response is in the negative, please discuss how the two parties currently operate and coordinate the specific service areas, to the best of your knowledge.

- 4) Section 5 of the proposed territorial agreement states that the agreement will become effective on the date the Commission order becomes final and effective and will continue to be effective until termination or modification. Please confirm that there is no specified termination date and/or renewal term for this proposed agreement.
- 5) Paragraph 9 of the petition states that written notification was provided to the customer subject to a transfer on August 19, 2022. Please provide a copy of the referenced customer notification.
- 6) Please discuss the reason for the legislature to modify the service boundary between the City and the District to the best of your knowledge.
