DOCKET NO. 20220010-EI
ORDER NO. PSC-2022-0397-CFO-EI
ISSUED: November 16, 2022

ORDER GRANTING TAMPA ELECTRIC COMPANY'S REQUEST FOR
CONFIDENTIAL CLASSIFICATION AND REQUEST FOR TEMPORARY
PROTECTIVE ORDER (DOCUMENT NO. 04855-2022)

On July 20, 2022, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Tampa Electric Company (Tampa Electric) filed a Request for Confidential Classification and Request for Temporary Protective Order regarding information provided in response to the Office of Public Counsel's (OPC') Second Set of Interrogatories, Nos. 34-37, and Second Request for Production, Nos. 2-3 (Document No. 04855-2022). This request was filed in Docket No. 20220010-EI.

Request for Confidential Classification

Tampa Electric contends that certain information provided in response to OPC's discovery requests constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. Tampa Electric asserts that this information is intended to be and is treated by Tampa Electric as private and has not been publicly disclosed.

Tampa Electric seeks confidential treatment for calculations related to the Company's lease of a dedicated warehouse utilized to support Storm Protection Plan programs and projects. These calculations are set forth in a spreadsheet, which also includes embedded images with pricing data. Tampa Electric contends that all of this information relates to bids or other contractual data, the disclosure of which would impair the efforts of Tampa Electric to contract for goods or services on favorable terms. On this basis, Tampa Electric argues that this information is protected by Section 366.093(3)(d), F.S. Tampa Electric continues that the spreadsheet contains information relating to competitive interests, the disclosure of which would impair the competitive business of Tampa Electric. On this basis, Tampa Electric argues that this information is protected by Section 366.093(3)(e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section

366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in Tampa Electric's Request for Confidential Classification appears to contain information concerning bids or other contractual data, the disclosure of which would impair the efforts of Tampa Electric to contract for goods or services on favorable terms, and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 04855-2022 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Tampa Electric or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Motion for Temporary Protective Order

Tampa Electric also seeks protection of the documents as provided in Subsection 366.093(2), F.S., and Rule 25-22.006(6), F.A.C. Subsection 366.093(2), F.S., directs that all records produced pursuant to a discovery request for which proprietary confidential status is requested shall be treated by any party subject to the public records law as confidential and exempt from the public records law. Subsection 119.07(1), F.S. Rule 25-22.006(6), F.A.C., codifies the Commission's policy regarding the protection of confidential information from public disclosure during the discovery process in a manner that is not overly burdensome to both parties. Rule 25-22.006(6)(a), F.A.C., in pertinent part, states:

In any formal proceeding before the Commission, any utility or other person may request a protective order protecting proprietary confidential business information from discovery. Upon a showing by a utility or other person and a finding by the Commission that the material is entitled to protection, the Commission shall enter a protective order limiting discovery in the manner provided for in Rule 1.280, Florida Rules of Civil Procedure.
