**Subject:** Re: Electric Rate Increase

We moved to Orlando from Iowa in June 2021. I wish we would've done a more thorough investigation into the cost of living in Florida. First of all, the pay here is horrible, employees benefits are horrible, and my wife works for Orange County. She worked for our County Government back in Iowa, and she is making \$15,000 less money in Florida. Auto and Homeowners insurance is double compared to Iowa. PLEASE DO NOT RAISE THE ELECTRIC RATES!!!

To whom it may concern;

It's absolutely overkill that Duke Energy is asking for a 20% rate increase. Heck, we can't afford the electricity bill at the rate it's at currently. Hopefully you realize that Florida has a tremendous amount of residents that are on a fixed income. Us Social Security people can't afford all these increases in Florida. With auto insurance, homeowners insurance, rent, food, and the cost of living through the roof, we can't afford it. PLEASE DO NOT RAISE THE ELECTRIC RATES. WE ARE GOING BROKE!!!! Thanking you in advance for your help.
