FPL rate increases for CY 2023/2024
5. **Message**
FPL net income for 2021 was \$3,206 billion and for 2022 it was \$3,701 billion Why is the FL allowing any increase for a company this profitable for expenses of increased cost of natural gas and hurricane damage recovery of 2 specified items. surely a company that profitable, if properly managed, should amortize those costs internally. FPL installed a solar roof on their new Palm Beach Gardens HQ and installed solar panel street lighting on the access road.

In addition FPL plans to destroy many acres of carbon reducing land- animal habitats to build 13 solar farms this year - yet they continue to place obstacles to the use of solar panels by home owners and discourage use by commercial and Gov't entities.

We respectfully request your intervention to prevent FPL (NetExtra) from imposing any rate increases in 2023/2024 - hard choice are already being made by many on how to expend their income as it continues to lose value under the currently administration.

RE: FPSC Inquiry 1414834C

Dear Mr. Frank:

The Governor's office forwarded a copy of your email regarding Florida Power & Light Company (FPL) to the Florida Public Service Commission (FPSC). The FPSC regulates investor-owned electric, and natural gas utilities throughout the state, and investor-owned water and wastewater utilities in those counties which have opted to transfer jurisdiction to the FPSC. The FPSC has authority in the telephone industry which is limited to the Lifeline Assistance Program, Florida Relay Service, and pay telephone service. We appreciate the opportunity to respond directly to you.

We appreciate you sharing your views and will add your correspondence to the following dockets:

* Docket No 20230017 regarding FPL's petition for limited proceeding for recovery of incremental storm restoration costs related to Hurricanes Ian and Nicole, by Florida.

* Docket 20230001 regarding FPL's middle course correction for fuel and purchased power cost recovery clause with generating performance incentive factor.

You may review all the information filed for Commission consideration in the above dockets by accessing the FPSC website at <http://www.floridapsc.com>. Under the Clerk's Office tab at the top of the page, click on Dockets. Type in each docket number. Click the Search button. Then select Document Filings Index for a list of all filings in the docket. This procedure allows you to view all of the information filed by each utility and other parties in the docket.

If you have any questions or concerns please contact me at 1-800-342-3552 or by fax at 1-800-511-0809.

Sincerely,

Ellen Plendl
