Subject: Duke Electric Increase

Good morning!

This email is a complaint about the extreme rise in our Duke electric bill. During this time of extreme inflation, job loss, ramifications of Covid lockdowns, etc. and the suffering so many Americans are going through—well to raise the price of something essential like electricity, and send fat bonuses to their shareholders tells me everything I need to know about Duke: dark, greedy, no regard for its customers, and much more.

I believe that Florida is good in so many ways around protecting us from the present tyranny going on in this Country. I hope that PSC will step up and do the same.

Thank you for reading this email.

Respectfully,
Mignon Lawless
