**Re: Docket No. 20220066-WS - Application for increase in water rates in Washington County, by Sunny Hills Utility Company – Second Update on Well 1 Improvements**

Dear Commission Clerk,

In accordance with FPSC Order No. PSC-2022-0335-PAA-WS, North Florida Community Water Systems (Formerly Sunny Hills Utility Company) hereby submits its second update on the improvements at Well No. 1.

The iron filtration has been installed, including the media. The power supply has been run to the filter. The utility has cycled the filter with visually noticeable results. Additional manual valves have been ordered. Once the valves are received and installed the utility can begin taking test samples within the next two weeks. Once the results are received, the filtration will be placed into service.

Sincerely,

A handwritten signature in blue ink, appearing to read "Troy Rendell", is written over a light blue horizontal line.
