Good Evening,

We moved to wedgfield in October of 2022. We quickly realized how insanely priced the water is in this neighborhood.. the fact that we get letters as attached below as a veiled threat of another increase making a basic human need unattainable is asinine. My hope is that this is seen and that someone is seeing the actual rates being charged today and puts a stop to the ability for Pluris to stop until rates are at normal levels with the rest of Orange County.

Thank you,

Jacquelynn Sloan
