Subject: Docket No. 20240011-SU, Riverdale Utilities original certificate

To Office of the Clerk:

This letter is to clarify that Riverdale Utility is only requesting a certificate for the water system at this time. The current development plan calls for wastewater needs to be provided for by septic systems on individual lots. Riverdale Utility may need to apply for a wastewater certificate at a later date if this development plan changes. Thank you for the opportunity to clarify the water certificate submittal.

Sincerely,
WET Engineering, Inc.
