Docket No. 20220069-GU  
Filed: April 4, 2024

**FLORIDA CITY GAS’S REQUEST FOR  
EXTENSION OF CONFIDENTIAL CLASSIFICATION**

Florida City Gas (“FCG” or “Company”) by and through its undersigned counsel, pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006(4), Florida Administrative Code, hereby submits its Request for Extension of Confidential Classification for information contained in the the Company’s responses to the Office of Public Counsel's Seventh Request for Production of Documents (No. 59). FCG contends the information contained in these responses represents contractual information that FCG treats as proprietary confidential business information as well as cost information that FCG considers proprietary confidential business information. (cross-referenced Document No. 10931-2022). This information was originally granted confidential classification by Order No. PSC-2022-0411-CFO-GU, issued December 1, 2022. In support of this Request for Extension, FCG hereby states that:

1. On November 4, 2022, FCG filed its Request for Confidential Classification of information provided to the Office of Public Counsel. FCG contends that the information relates to certain information concerning bids or other contractual data, specifically insurance contracts and pricing. FCG argued that such information is entitled to confidential classification pursuant to Paragraphs 366.093(3)(b)(d), and (e), F.S. This information, if disclosed, would potentially impair the competitive efforts of FCG. The Commission therefore determined, by Order No. PSC-2022-0411-CFO-GU, that the information was proprietary confidential business information and entitled to continued and ongoing protection under Section 366.093, Florida Statutes, and Rule 25-22.006,

Florida Administrative Code. Presently, the Company continues to treat this information as confidential, and it has not otherwise been disclosed to the best of the Company's knowledge.

2. The information for which FCG seeks an extension of confidential classification is information that the Company still treats as confidential, and that the Commission has already determined meets the definition of "proprietary confidential business information" as set forth in Section 366.093(3), Florida Statutes, which provides:

(3) Proprietary confidential business information means information, regardless of form or characteristics, which is owned or controlled by the person or company, is intended to be and is treated by the person or company as private in that the disclosure of the information would cause harm to the ratepayers or the person's or company's business operations, and has not been disclosed unless disclosed pursuant to a statutory provision, an order of a court or administrative body, or private agreement that provides that the information will not be released to the public. Proprietary confidential business information includes, but is not limited to:

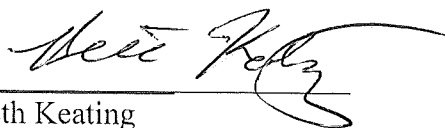

- (a) Trade secrets.
- (b) Internal auditing controls and reports of internal auditors.
- (c) Security measures, systems, or procedures.
- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.
- (f) Employee personnel information unrelated to compensation, duties, qualifications, or responsibilities.

3. As such, FCG asks that confidential classification be extended for an additional period of at least another 18 months. Should the Commission no longer find that it needs to retain the information, FCG respectfully requests that the confidential information be returned to the Company.

WHEREFORE, FCG respectfully requests that the highlighted information contained in the Company's responses to the Office of Public Counsel's Seventh Request for Production of Documents (No. 53), which was originally afforded confidential classification by Order No. PSC-

2022-0411-CFO-GU, be allowed to retain classification as “proprietary confidential business information,” and thus, exempt from Section 119.07, Florida Statutes, for an additional period of 18 months.

RESPECTFULLY SUBMITTED this 4th day of April, 2024.
