Subject: RE: Docket #20240032-SU

Good morning Amy McCully,

We will be placing your comments below in consumer correspondence in Docket No. 20240032, and forwarding them to the Office of Consumer Assistance and Outreach.

Sincerely,

Yvette Gillespie

Commission Deputy Clerk I
Florida Public Service Commission
2540 Shumard Oak Blvd.
Tallahassee, FL 32399

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Amy McCully
Property owner at 61 Kettle Harbor Dr. on Don Pedro Island, in Placida Florida.

This letter is to serve as my formal request that the PSC deny Environmental Utilities (EU) application for wastewater service. Bringing a central wastewater system to our precious island would forever change it and not for the better. I personally invite you to my home, to experience our beautiful island.

This proposed project brings the potential for destruction of habitat and interference with endangered species. The heavy equipment and materials transport needed to construct an island-

wide central sewer system will bring unbelievable congestion to our islands and ferry, our only form of transportation to and from our homes. The logistics of this project are endless and will only benefit the EU as a private company.
This letter is to also serve as my formal request to be added to the docket as an interested person.

Kind regards,

--

Amy McCully
