)	

The following Commissioners participated in the disposition of this matter:

THOMAS M. BEARD, Chairman
 J. TERRY DEASON
 GERALD GUNTER
 MICHAEL MCK. WILSON

ORDER APPROVING COGENERATION AGREEMENT

BY THE COMMISSION:

Pursuant to Notice, the Florida Public Service Commission held a public hearing on this matter in Tallahassee, Florida on December 5, 1991. Having considered the record in this proceeding, the Commission now enters its Final Order.

Background

On August 21, 1990, Florida Power and Light Company (FPL) and Indiantown Cogeneration L.P. (ICL) filed a Joint Petition for a Determination of Need for a proposed electrical power plant and related facilities to be located in Martin County, Florida, pursuant to Section 403.519, Florida Statutes, and Rule 25-22.081, Florida Administrative Code. The proposed facility, known as the Indiantown Project, will be located near Indiantown, Florida, and will be owned and operated by ICL. The net electrical power from the facility will be sold to FPL pursuant to an Agreement For The Purchase of Firm Capacity and Energy between Indiantown Cogeneration, L.P. and Florida Power & Light Company, dated May 21, 1990 and amended December 5, 1990 (the "Power Sales Agreement"). The proposed unit is a nominal 300 MW pulverized coal-fired facility with a projected in-service date of December 1, 1995. On August 29, 1990, FPL filed a petition pursuant to Rules 25-17.080 through 25-17.091, Florida Administrative Code, seeking approval of the Power Sales Agreement. On October 25, 1990, ICL was granted permission to intervene in the docket concerning approval of the Power Sales Agreement. The two cases were assigned to Commissioner
