NOTICE OF PROPOSED AGENCY ACTION

ORDER APPROVING FLORIDA POWER &
 LIGHT COMPANY'S CONTINUATION OF ITS
 HOME ENERGY LOSS PREVENTION PROGRAM

BY THE COMMISSION:

NOTICE is hereby given by the Florida Public Service Commission that the action discussed herein is preliminary in nature and will become final unless a person whose interests are adversely affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code.

On February 12, 1990, Florida Power & Light Company (FPL) submitted to this Commission its "Demand Side Management Plan for the 90's" conservation plan. Included in the plan was the Home Energy Loss Prevention program (H.E.L.P.). H.E.L.P. was an existing residential program directed at installing low-cost conservation measures for qualified customers. On June 12, 1990, FPL petitioned this Commission to amend its conservation plan and discontinue the H.E.L.P. program because it was projected not to be cost-effective. That request was denied by this Commission and in Order No. 23560 FPL was ordered to file by April 1, 1991 a petition with suggestions for modifying the cost-effectiveness of H.E.L.P. by April 1, 1991. On that date FPL petitioned the Commission to continue offering the current H.E.L.P. program until a petition for its modification could be developed.
