ORDER APPROVING TARIFF FILING

BY THE COMMISSION:

On July 29, 1991, Southern Bell Telephone and Telegraph Company filed a tariff proposal to introduce Extended Communications Service (EXCS) in the state of Florida.

The proposed service will provide an ESSX, Digital ESSX, or PBX customer with the ability to extend service from their location to other locations within the same LATA without the use of point-to-point dedicated private line service. EXCS will utilize both the existing Equal Access End Office (EAEO) capability and the inter-office trunking network.

EXCS will offer an optional service to customers with a need for connecting outlying locations to their existing network. It was designed to provide an economical alternative to off-premises extension service, which is typically used by ESSX Service or PBX customers. A private line circuit is not required on a one-for-one basis for EXCS customers as would be required to connect the customer location to the network switch. The private line circuit from the screening location to the switch serves as a common link connecting all EXCS locations served by that screening office. Therefore, economies of scale are realized by the shared use of the private line.

Under the proposed tariff the EXCS subscriber pays a nonrecurring charge of \$5,000.00 for each screening location required to establish the customer's screening tables and a \$225.00 Service Establishment Charge to condition the respective central offices for the EXCS dialing plan. The nonrecurring charges are \$10.00 for the first line and \$5.00 for each additional line simultaneously installed. Usage charges are \$.0795 per minute and

monthly recurring charges vary dependent upon the service being month-to-month, or on a 36, 60 or 84 month basis.

The Company's estimated gross one year revenue for EXCS is \$771,643.60. The proposed rates cover the cost of service and provide ample contribution.

Upon review, we find that this filing is an appropriate addition to the Company's offered services. Thus, we approve the tariff.

Based upon the foregoing, it is therefore

ORDERED by the Florida Public Service Commission that Southern Bell Telephone and Telegraph Company's tariff proposal to introduce Extended Communications Service is hereby approved. It is further

ORDERED that this tariff shall become effective on October 21, 1991. If an affected party files a timely protest, this tariff shall remain in effect with revenues held subject to refund pending resolution of the protest. If no timely protest is filed, this docket shall be closed.

By ORDER of the Florida Public Service Commission, this 12th
 day of NOVEMBER, 1991.

well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

The Commission's decision on this tariff is interim in nature and will become final, unless a person whose substantial interests are affected by the action proposed files a petition for a formal proceeding, as provided by Rule 25-22.036(4), Florida Administrative Code, in the form provided by Rule 25-22.036(7)(a)(d) and (e), Florida Administrative Code. This petition must be received by the Director, Division of Records and Reporting at his office at 101 East Gaines Street, Tallahassee, Florida 32399-0870, by the close of business on 12/3/91

In the absence of such a petition, this Order shall become final on the day subsequent to the above date.

Any objection or protest filed in this docket before the issuance date of this Order is considered abandoned unless it satisfies the foregoing conditions and is renewed within the specified protest period.

If this Order becomes final on the date described above, any party adversely affected may request judicial review by the Florida Supreme Court in the case of an electric, gas or telephone utility or by the First District Court of Appeal in the case of a water or sewer utility by filing a notice of appeal with the Director, Division of Records and Reporting and filing a copy of the notice of appeal and the filing fee with the appropriate court. This filing must be completed within thirty (30) days of the date this Order becomes final, pursuant to Rule 9.110, Florida Rules of Appellate Procedure. The notice of appeal must be in the form specified in Rule 9.900(a), Florida Rules of Appellate Procedure.
