REQUEST FOR SPECIFIED CONFIDENTIAL CLASSIFICATION**

United Telephone Company of Florida (United), pursuant to the provisions of Florida Public Service Commission (FPSC) rule 25-22.006, Florida Administrative Code, requests the Prehearing Officer to enter his or her order declaring that the information described below is confidential information as that term is defined in Rule 25-22.006(1)(a), and as such is exempt from Section 119.07, Florida Statutes (1989). 4. Upon conclusion of this Docket, United requests that the information described above be returned to United.

WHEREFORE, United Telephone Company of Florida requests that the Prehearing Officer enter his or her order declaring the information described above as falling within the specified confidential classification.

REQUEST FOR CONFIDENTIAL TREATMENT OF TRAFFIC STUDIES

The information listed on all pages and line numbers in Exhibit C consists of market information including volumes of traffic on specific interLATA routes broken out in several different categories including volumes of messages by messages, minutes, revenues, time-of-day, and residence and business. In addition, averages of messages per access and by minutes per message, revenue per message, revenue per access line and revenue per calling customers are also provided.

The information included in the studies is completely or substantially AT&T traffic information. The public disclosure of this information would allow competitors of AT&T an undue advantage in pinpointing those routes or segments of routes which are most susceptible to competition. The information is even more detailed, and is at least as sensitive and as useful to competitors as the capacity information which the Commission held was entitled to confidential status in Order No. 21362, issued June 9, 1989.

No public benefit would offset the harm which would be caused by the public disclosure of this information.
