

VOTE SHEET

JULY 15, 1997

RE: DOCKET NO. 970046-EI - Investigation into the appropriate cost recovery of marginally cost-effective electric utility sponsored demand-side management programs.

Issue 1: Should this docket be closed?

Recommendation: Yes. Greater monitoring of utility DSM program claimed kW and kWh savings and various avoided cost assumptions, and greater monitoring by staff of DSM program cost-effectiveness ratios should be more effective than allocating DSM costs to rate classes.

APPROVED
