BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Environmental Cost)
Recovery Clause.)
_____)

Docket No. 980007-EI
FILED: October 5, 1998

PETITION OF TAMPA ELECTRIC COMPANY

Tampa Electric Company ("Tampa Electric" or "the company"), hereby petitions the Commission for approval of the company's environmental cost recovery true-up and the cost recovery factor proposed for use during the period January 1999 through December 1999, and in support thereof, says:

Environmental Cost Recovery

1. Tampa Electric projects an estimated/actual true-up amount for the April 1998 through September 1998 period, which is based on actual data for the period April 1, 1998 through August 31, 1998 and revised estimates for the period September 1, 1998, to be an over / (under) recovery of \$386,745. (See Exhibit No. (KOZ-1), Document No. 1 (Schedule 42-1P), page 1 of 36.)
2. Tampa Electric projects an estimated true-up amount for the October 1998 through December 1998 period of an over / (under) amount of \$872,850. (See Exhibit No. (KOZ-1), Document No. 1 (Schedule 42-1P), page 1 of 36.)
3. The company's projected environmental cost recovery expenditures for the period January 1, 1999 through December 31, 1999, when spread over projected kilowatt hour sales for the period January 1, 1999 through December 31, 1999, produce an environmental cost recover factor for the new period of 0.029 cents per KWH before application of the factors which adjust for variations in line losses. (See Exhibit No. (KOZ-1), Document No. 7, Schedule 42-7P.)

4. The accompanying Prepared Direct Testimony and Exhibits of Gregory M. Nelson and Karen O. Zwolak present:

(a) A description of each of Tampa Electric's environmental compliance actions for which cost recovery is sought; and

(b) The costs associated with each environmental compliance action.

5. In addition, Mr. Nelson's testimony provides an explanation of the appropriateness of each compliance action to achieve compliance with the applicable law, order, rule or other matter requiring environmental activities for which Tampa Electric seeks cost recovery are reasonable, prudent and necessary to enable Tampa Electric to comply with governmentally imposed environmental requirements.

6. For reasons more fully detailed in the Prepared Direct Testimony of witness Karen O. Zwolak, the environmental compliance costs sought to be approved for cost recovery purposes in this petition are consistent with the provisions of Section 366.8255, Florida Statutes, and with prior rulings by the Commission with respect to environmental compliance cost recovery for Tampa Electric and other investor-owned utilities.

Order of Presentation of Witnesses

Tampa Electric will present the following witnesses testifying on the subjects indicated:

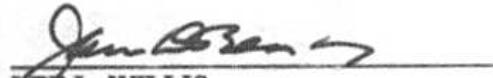

Appropriateness of Environmental Compliance Activities - Gregory M. Nelson

Environmental cost recovery - Karen O. Zwolak

WHEREFORE, Tampa Electric company requests that its proposals relative to environmental cost recovery be approved as they relate to prior period true-up calculations and projected cost recovery charges.

Dated this 5th day of October, 1998.

Respectfully submitted,

LEE L. WILLIS
JAMES D. BEASLEY
