The FLORIDA PUBLIC SERVICE COMMISSION announces a staff workshop in the following docket to which all persons are invited.

UNDOCKETED: Escrow of Nuclear Waste Disposal Fees

DATE AND TIME: 2:00 p.m., Monday, November 2, 1998

PLACE: Room 171, Betty Easley Conference Center, 4075 Esplanade Way, Tallahassee, Florida

PURPOSE: The purpose of this workshop is to discuss the escrow of nuclear waste disposal fees. These fees are paid by ratepayers who receive power generated by one of the five nuclear plants in Florida. The utilities collect these fees and relay them to the federal government in return for the Department of Energy's obligation to accept, move, and dispose of spent nuclear fuel. Due to the Department of Energy's default of its contractual and statutory obligation to accept the nuclear waste by January 31, 1998, the Florida Public Service Commission would like to gather information concerning the potential escrow of the funds collected
