**RE: J. Strauss Utilities Connection to Sewer System
PH&A Project No.: 9512-2**

Dear Ms. Clapp:

This letter follows our conversation on January 20, 1998 regarding the sewage lift station on the above referenced project.

The subject station begin pumping to the City sewer system on March 8, 1997 and has been taken over for maintenance by the City of Jacksonville.

As discussed, there is a small problem with the survey that I am trying to resolve so we may receive an acceptance letter from the City. I will send you a copy of the letter when it is issued.

If you have any questions, please contact me.

Sincerely,

Mark Norton
Senior Project Manager
