RE: Revision of Recommendation, Docket 990649-TP, Agenda Item 20

We hereby request your approval to revise the recommendation filed on September 6, 2001 in Docket No. 990649-TP, which addresses reconsideration of BellSouth's UNE rates. The docket is currently scheduled as Item 20 for the September 18, 2001, agenda conference.

A rate table was inadvertently attached to the recommendation that did not include the fall-out rates that result from staff's recommended changes. There is no change to the text of the recommendation. Staff believes the change will be easy to understand for all concerned parties.

Staff does not believe it is advisable to defer the item, because the agenda falls only one week prior to the due date of BellSouth's 120-day filing, which is being made as a result of a previous order in this docket, the same order that is the subject of reconsideration. It is important that BellSouth know the outcome of the parties' reconsideration requests before making its filing, so that the appropriate inputs can be included. Due to the current hearing schedule for the 120-day filing, staff believes parties would be disadvantaged if the filing were to be delayed. Therefore, staff requests that the reconsideration recommendation not be deferred.

Pages 35 through 83, consisting of Appendix A, are affected. The revised rate table in underline-and-strike format is attached.
