Re: Proposed Settlement for Docket No. 020588-TX DV2, Inc.

Dear Ms. Bayo:

Please find enclosed check no 1834 in the amount of \$15.50 which represents the payment of a penalty and interest charges for late payment and filing of the regulatory assessment report. Our most humble apologies for this oversight by our company.

DV2 would like to keep its Certificate in force and active and at all times in compliance with Commission rules. While it is not appropriate to make excuses for late filing, it would appear that the temporary relocation of our business office and the forwarding of mail to two additional addresses definitely had an impact on this report. We have subsequently moved back into our data center at 55 Marietta St and have solved the mail problems. We have also implemented a new follow up system for all regulatory filing and reporting requirements which should help flag a due date in the event the notifications are not received from the appropriate authority. I feel that the potential for future late filings has been eliminated. Again, our apologies for this oversight.

The Company agrees to waive any objection to the administrative cancellation of its certificate should DV2 fail to pay in accordance with its settlement offer. If, however, there is a factual dispute as to the manner or level of compliance with any provision in the settlement, Commission staff will bring the matter to the Commission for consideration.

Dv2 respectfully proposes to pay \$100 as a monetary settlement for the violation, which will be paid within 4 calendar days after the Commission Order is issued and DV2 notified.

We appreciate your consideration of this settlement offer. Please contact me at 404-230-9150 or 678-640-0319 should you have any questions on this matter.

Sincerely yours,

Jeffrey W. Hinkle, President
