FPSC-COMMISSION CLERK

F A X M E M O

TO: Director, Division of Records & Reporting
2540 Shumard Oak Boulevard
Tallahassee, Fl. 32399

FROM: Dan Nolan
230 Gulf Boulevard
Palm Island
Placida, Fl. 34224

DATE: September 14, 2002

RE: Island Environmental Utility
8/16/2002 Notice of Application for Wastewater
Certificate – Docket #020745-SU

Please accept this fax as my notice of objection to the above proposal.

The wastewater management serves only to promote over development of the island, and is not in the best interest of the island residents, especially since there is no infrastructure to support rapid development and growth, which this would obviously create.

I, therefore, request the Commission to reject this proposal.

DATE: September 14, 2002

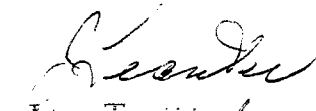

RE: Island Environmental Utility
 8/16/2002 Notice of Application for Wastewater
 Certificate – Docket #020745-SU

Please accept this fax as our notice of objection to the above proposal.

We wish to point out that ten years ago the residents of Knight, Don Pedro and Palm Island voted NOT to have commercial enterprise of any kind on these islands, with the exception of the restaurant and store in Palm Island Resort, and the Pelican Inn on Knight Island, which were already in operation. It is also my understanding that the State is trying to discourage development of barrier islands. This particular project would undoubtedly cause a rapid increase in the development and density.

We strongly object to the above application and would request the Commission reject the proposal.
