DOCKET No. 020007-EI
Dated: November 14, 2002

**SECOND AMENDED PETITION FOR APPROVAL OF REVISED
ENVIRONMENTAL COST RECOVERY FACTORS FOR
PERIOD JANUARY 2003 THROUGH DECEMBER 2003**

Florida Power & Light Company ("FPL") hereby amends the petition it filed in this docket on November 4, 2002, (the "November 4 Petition") and requests that this Commission approve the revised Environmental Cost Recovery Factors submitted as Attachment I to this Second Amended Petition for the January 2003 through December 2003 billing period. All charges are to become effective starting with meter readings scheduled to be read on or after Cycle Day 3 through Cycle Day 2, and will remain in effect until modified by subsequent order of this Commission. In support of this Second Amended Petition, FPL incorporates the prepared written supplemental testimony and documents sponsored by Ms. K.M. Dubin and states:

1. Florida Statutes Section 336.8255, which became effective on April 13, 1993, authorizes the Commission to review and approve the recovery of prudently incurred Environmental Compliance Costs.

2. FPL hereby submits the revised Environmental Cost Recovery Factors developed and proposed by FPL for the period January 2003 through December 2003 as set forth in the supplemental testimony and documents of Ms. K.M. Dubin, and in Attachment I to this Amended Petition. The revised factors reflect depreciation-related adjustments that reduce the total amount of Environmental Compliance Costs to be recovered in the period January 2003 through December 2003 by \$832,767. FPL is requesting recovery of a revised total projected

jurisdictional environmental costs, adjusted for revenue taxes, in the amount of \$18,131,302, including a revised \$10,575,188 of environmental project costs increased by a revised estimated/actual under-recovery of \$7,271,601 for the period January 2002 through December 2002.

3. In accordance with Order No. PSC-99-0519-AS-EI, issued March 17, 1998, the final true-up amount for the period January 2001 through December 2001 was zero. Therefore, no final true-up amount for the period January 2001 through December 2001 is included in the 2003 factor.

4. The calculations of revised Environmental Cost Recovery Factors for the period January 2003 through December 2003, are contained in revised Commission schedule 42-7P which is attached as Appendix I to the prepared written supplemental testimony of FPL witness K.M. Dubin and incorporated herein by reference.

5. Except to the extent that it is modified herein, the November 4 Petition is incorporated by reference and made a part of this Second Amended Petition.

WHEREFORE, FPL respectfully requests the Commission to approve the revised Environmental Cost Recovery Factors requested herein for the January 2003 through December 2003 billing period, effective starting with meter readings scheduled to be read on or after Cycle Day 3 through Cycle Day 2, and to continue these charges in effect until modified by subsequent order of this Commission.
