BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

IN RE: NUCLEAR POWER PLANT COST
RECOVERY CLAUSE

Docket No. 090009-EI
Submitted for Filing: July 28, 2009

**AFFIDAVIT OF GARRY MILLER IN SUPPORT OF PROGRESS ENERGY
FLORIDA'S TWELFTH REQUEST FOR CONFIDENTIAL CLASSIFICATION**

STATE OF NC
COUNTY OF Wake

BEFORE ME, the undersigned authority duly authorized to administer oaths, personally appeared Garry Miller, who being first duly sworn, on oath deposes and says that:

1. My name is Garry Miller. I am over the age of 18 years old and I have been authorized by Progress Energy Florida (hereinafter "PEF" or the "Company") to give this affidavit in the above-styled proceeding on PEF's behalf and in support of PEF's Twelfth Request for Confidential Classification. The facts attested to in my affidavit are based upon my personal knowledge.

2. I am the General Manager, Nuclear Plant Development at Progress Energy Carolina. As such, I am responsible for new nuclear plant development in both the Carolinas and Florida, including the siting, licensing, engineering, construction, an overall management of PEF's proposed Levy Nuclear Power Plants, the Levy Nuclear Project ("LNP"). Specifically, my responsibilities include, but are not limited to, scheduling, contracts, commercial matters, training, document control, records management, and project management. All major contracts approved to date on the LNP, and for Nuclear Plant Development, have been under my management and responsibility.

3. PEF is seeking confidential classification of portions of the documents produced to the Commission's Auditor for use in preparing the Review of PEF's Project Management Internal Controls for Nuclear Plant Uprate and Construction Projects Draft Report, dated July, 2009. A detailed description of the confidential information at issue is contained in confidential Attachment A to PEF's Request for Confidential Classification and is outlined in PEF's Justification Matrix that is attached to PEF's Request as Attachment C. PEF is requesting confidential classification of these documents because they contain confidential and proprietary contractual information and other information related to the Company's competitive business interests, the disclosure of which would compromise PEF's competitive business interests and violate contractual confidentiality provisions.

4. Specifically, the documents provided to the PSC's Auditor contain confidential contractual data regarding the LNP, the disclosure of which would impair PEF's efforts to contract for goods and services on favorable terms, harming PEF's competitive business interests. Release of PEF's contractual agreements, including pricing arrangements, would impair PEF's competitive business interests, and would further be a violation of the PEF's confidentiality agreements. Disclosure of this information would impair PEF's competitive business interests by providing third parties with information regarding contractual terms with which PEF is willing to agree thereby giving third parties a competitive advantage when negotiating similar contracts with PEF as well as providing PEF's competitors for such goods and services valuable insight into the Company's strategic planning.

5. Upon receipt of this confidential information, and with its own confidential information, strict procedures are established and followed to maintain the confidentiality of the documents and information provided, including restricting access to those persons who need the

information to assist the Company, and restricting the number of persons who access to the information. At no time since receiving the information in question has the Company publicly disclosed that information. The Company has treated and continues to treat the information at issue as confidential.

6. This concludes my affidavit.

Further affiant sayeth not.

Dated the 29th day of July, 2009.

**AFFIDAVIT OF GARY FURMAN IN SUPPORT OF PROGRESS ENERGY FLORIDA'S
TWELFTH REQUEST FOR CONFIDENTIAL CLASSIFICATION**

STATE OF FLORIDA

COUNTY OF Seminole

BEFORE ME, the undersigned authority duly authorized to administer oaths, personally appeared Gary Furman, who being first duly sworn, on oath deposes and says that:

1. My name is Gary Furman. I am over the age of 18 years old and I have been authorized by Progress Energy Florida (hereinafter "PEF" or the "Company") to give this affidavit in the above-styled proceeding on PEF's behalf and in support of PEF's Request for Confidential Classification. The facts attested to in my affidavit are based upon my personal knowledge.
2. I am the Manager of Major Projects in the Generation and Transmission Construction Department. As such, I am leading a cross-functional, multi-disciplinary team in the development and execution of the transmission line projects associated with the Levy Nuclear Plant ("LNP").
3. PEF is seeking confidential classification of portions of the documents produced to the Commission's Auditor for use in preparing the Review of PEF's Project Management

Internal Controls for Nuclear Plant Uprate and Construction Projects Draft Report, dated July, 2009. A detailed description of the confidential information at issue is contained in confidential Exhibit A to PEF's Request for Confidential Classification and is outlined in PEF's Justification Matrix that is attached to PEF's Third Request for Confidential Classification as Attachment C. PEF is requesting confidential classification of these documents because they include confidential and proprietary contractual information, and other information related to the Company's competitive business interests, the disclosure of which would compromise PEF's competitive business interests.

4. Specifically, the documents provided to the PSC's Auditor contain confidential contractual data, as well as other competitive business information, such as proposed routes for planned transmission lines regarding the LNP, the disclosure of which would impair PEF's efforts to contract for goods and services on favorable terms, harming PEF's competitive business interests. Disclosure of the terms of these agreements would impair PEF's competitive business interests, and would further be a violation of the PEF's confidentiality agreements. Disclosure of this information would impair PEF's competitive business interests by providing third parties with information regarding contractual terms with which PEF is willing to agree, thereby giving third parties a competitive advantage when negotiating similar contracts with PEF. For example, if landowners along proposed routes were to know the amount that PEF is willing to pay for such land or even why the land was sought, they could increase the asking price above the level they may have been willing to sell for absent the information.

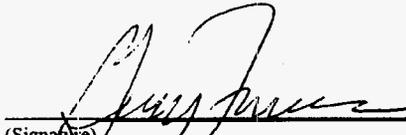

5. Upon receipt of this confidential information, and with its own confidential information, strict procedures are established and followed to maintain the confidentiality of the documents and information provided, including restricting access to those persons who need the

information to assist the Company, and restricting the number of, and access to the information. At no time since receiving the information in question has the Company publicly disclosed that information. The Company has treated and continues to treat the information at issue as confidential.

6. This concludes my affidavit.

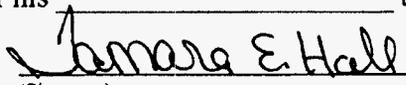

Further affiant sayeth not.
