Re: Peoples Water Service Company of Florida, Inc.; 2008 General Rate Increase Application; PSC Docket No. 080695-WU; Response to Staff's First Data Request
Our File No. 31007.06

Dear Ms. Cole:

In response to Staff's First Data Request dated September 25, 2009 in the above-referenced matter, I am writing to provide you the requested response.

1. For purposes of the following questions, please refer to Commission Staff's Final Audit Report for Peoples Water Service Company of Florida, Inc., dated September 16, 2009. Audit Finding No. 3 states that, based on a judgmental sample of billing data for Multi-Residential customers with meter sizes greater than 5/8", the utility failed to apply the appropriate corresponding monthly gallonage allotment (minimum) to customers' bills. Instead, the utility applied the 5/8" gallonage allotment (minimum) to all non-5/8" bills.

   a. Please explain the reason(s) for treating the Multi-Residential customers in this manner.

   b. Please provide the month and year that the utility began the billing practice for Multi-Residential customers referenced in Audit Finding No. 3 above.

Utility Response:

Items 1a & b. Peoples has used the Multiple Minimum Billing ("MMB") methodology for decades because it ensures fairness and equity to all customers. This methodology ensures that rate payers of a similar type pay the same rates. For example, under MMB a person living in an apartment pays the same water rate as a person living in a single family house. By not using MMB for a multi-residential building,

DOCUMENT NUMBER-DATE
10446 OCT-9 09
FPSC-COMMISSION CLERK

a person living in an apartment would pay a lower water rate than a person living in a house because of the split base charge and the Declining Block rate structure in effect. The only other alternative to MMB is installing individual meters for each apartment, which is much more expensive and complicated than utilizing one large Master meter and MMB.

Based on Peoples' institutional knowledge and records, Peoples began using MMB in January 1972. The first MMB customer was the Bayshore Apartments, the first a multi-story apartment complex in the franchise area.

Evidence of the approved use of MMB methodology is in the attached 1977 Ordinance of the Board of County Commissioners of Escambia County, Florida, which shows the approved tariffs. The Rate Schedule page, Section III, 1 specifically states, "Where more than one living unit is served by one meter, a multiple unit charge shall apply." The County Commission again approved this methodology in the Utility's last rate proceeding which continues to this date.

c. Please provide, by individual meter, a monthly listing of the beginning and ending meter reading for all Multi-Residential customers. Please provide the information in the format provided below.

Utility Response:

Please see attached schedules.

d. Did the utility treat any of its General Service customers in the same manner as the Multi-Residential customers referenced in Audit Finding No. 3 above?

Utility Response:

Once the Utility began using the MMB methodology in January 1972, all customers were eligible on a case by case basis to be charged under this methodology. The Utility only had one tariff under jurisdiction by Escambia County and treated all customers in a non-discriminatory manner. When the Utility came under the jurisdiction of the Florida Public Service Commission, the Commission required that the Utility have a different tariff page for residential, general service, multi-residential, and public authority. In the Utility's view, all four types of customers are eligible for MMB methodology billing for the reasons outlined above.

e. If the response to subsection (d) is negative, please explain why, for billing purposes, the utility treated the General Service customers differently than the Multi-Residential customers referenced in Audit Finding No. 3 above.

Utility Response:

As is evidenced by the reports attached hereto, the MMB methodology is used for general service customers (i.e. Carco Properties). It is utilized for general service customers because the customers fit within the underlying reasons noted above for utilizing that MMB methodology. The Utility began utilizing this billing practice for Carco Properties when they first became a customer.

f. If the response to subsection (d) is affirmative, please explain the reason(s) for treating the General Service customers in this manner.

g. If the response to subsection (d) is affirmative, please provide the month and year that the utility began the billing practice for those General Service customers.

Utility Response:

As is evidenced by the reports attached hereto, the MMB methodology is used for general service customers (i.e. Carco Properties). It is utilized for general service customers because the customers fit within the underlying reasons noted above for utilizing that MMB methodology. The Utility began utilizing this billing practice for Carco Properties when they first became a customer.

h. Please provide, by individual meter, a monthly listing of the beginning and ending meter reading for all General Service customers. Please provide the information in the format provided below:

Utility Response:

Please see the attached schedules.

i. Did the utility treat any of its Public Authority customers in the same manner as the Multi-Residential customers referenced in Audit Finding No. 3 above?

j. If the response to Audit Finding No. 3 is negative, please explain why, for billing purposes, the utility treated the Public Authority customers differently than the Multi-Residential customers referenced in Audit Finding No. 3 above.

k. If the response to Audit Finding No. 3 is affirmative, please explain the reason(s) for treating the Public Authority customers in this manner.

l. If the response to Audit Finding No. 3 is affirmative, please provide the month and year that the utility began the billing practice for those Public Authority customers.

Utility Response:

As is evidenced by the reports provided and attached hereto, the MMB methodology is not currently used for any Public Authority customers at the present time. However, Public Authority customers are eligible for the MMB methodology, should Peoples determine it is appropriate, based upon the configuration of those Public Authority customers. There are currently no Public Authority customers that warrant the use of the MMB methodology.

m. Please provide, by individual meter, a monthly listing of the beginning and ending meter reading for all Public Authority customers. Please provide the information in the format provided below:

Utility Response:

Please see the attached schedules.

2. Schedule B-13 notes that Peoples Water Service Company of Florida, Inc., made adjustments to adopt Public Service Commission (PSC) guideline rates beginning in the test year. Please list depreciation rates by account which the company was using for utility plant prior to the test year.

Utility Response:

Please see the attached response.

3. Schedule A-5 shows a test year adjustment of $213,444 for Meters and Meter installations. Please describe what this work was for and if the job is now complete.

Utility Response:

The $213,444 test year adjustment for Meters and Meter Installations in Schedule A-5 is for the year's investment to convert consumers meters to radio read technology. This multi-year project was started in 2006 and planned to be finished August 31, 2010. The $213, 444 represents the pro-forma additions to utility plant for calendar year 2009. As of September 2009, $46,276 has been invested in 2009. Peoples will complete the investment of the projected cost as estimated of $213,444 by December 31, 2009.

Attached is Peoples' response to Audit Request Number 29, which documents this pro-forma adjustment.

4. Schedule B-10 of the MFRs shows an estimate of $25,000 for work performed by Robert Nixon of Cronin, Jackson, Nixon, and Wilson. Please provide invoices for all rate case work performed by Mr. Nixon in connection with Docket No. 080695-WU. Invoices should include the date of the work performed, the number of hours spent on each task, the hourly rate charged, a description of the work performed, and any estimated cost to complete the rate case, if any.

Utility Response:

Please see the attached schedules and invoices.

5. Schedule B-10 of the MFRs shows an estimate of $35,000 for work performed by Paul DeChario of Cronin, Jackson, Nixon, and Wilson. Please provide invoices for all rate case work performed by Mr. DeChario in connection with Docket No. 080695-WU. Invoices should include the date of the work performed, the number of hours spent on each task, the hourly rate charged, a description of the work performed, and any estimated cost to complete the rate case, if any.

Utility Response:

Please see the attached schedules and invoices.

6. Schedule B-10 of the MFRs shows an estimate of $35,000 for work performed by F. Marshall Deterding of Rose Sundstrom & Bentley. Please provide invoices for all rate case work performed by Mr. Deterding of Rose Sundstrom & Bentley in connection with Docket No. 080695-WU. Invoices should include the date of the work performed, the number of hours spent on each task, the hourly rate charged, a description of the work performed, and any estimated cost to complete the rate case, if any.

Utility Response:

Please see the attached schedules and invoices.

7. Schedule B-10 of the MFRs shows an estimate of $25,000 for Notices, customer meeting, misc. Please provide invoices for all company rate case expenses incurred in connection with Docket No. 080695-WU along with any estimated costs to complete the rate case, if any.

Utility Response:

Please see the attached schedules and invoices.

If you have any questions in this regard, please let me know.

Sincerely,

ROSE, SUNDSTROM & BENTLEY

RESOLUTION - ORDER

WHEREAS, The Peoples Water Service Company owns and is engaged in the business of operating the water works and distribution system in, and of furnishing and selling water to the inhabitants of, the Community of Warrington, in the County of Escambia, Florida; and

WHEREAS, said Peoples Water Service Company presently operates its water works and distribution system in and about said Community of Warrington under and by virtue of a ninety-nine year franchise granted to it by the Board of Commissioners of Escambia County, Florida, on or about August 20, 1970, and has petitioned the Board of County Commissioners of Escambia County, Florida, for (1) an affirmative determination that the rates for water and water service now being charged by petitioner in its franchise area do not produce a reasonable rate of return to petitioner, with the result that an increase in rates is justified, (2) the entry of an Order approving and setting the charges for water and water service in the franchise area at such rates as will provide a reasonable rate of return to petitioner and as will produce the required additional revenue as set forth in the petition, and (3) the entry of such other and/or further orders as may be deemed necessary, proper or appropriate; and

WHEREAS, a public hearing was set by The Board of County Commissioners of Escambia County, Florida to be held at 10:00 A.M., June 2, 1977 in the meeting room of the Board and the same was thereafter continued and various hearings concerning the Petition for rate increases and other changes and objections and motions in opposition to the same were filed by the Housing Authority of the City of Pensacola, a customer of the petitioner's and various hearings have been had before this Board concerning all of said matters and at a hearing before the Board on September 1, 1977 the said Housing Authority through its attorneys and the petitioner through its attorneys stipulated and agreed before the Board that the Authority would withdraw its request for answer to interrogatories and that the special classification said Housing Authority as "Existing Public Housing Units (To include existing Navy units so long as served through meters of existing public housing units.)" should be continued and that any rate increase for the Petitioner would apply equally percentage wise to the Housing Authority and the petitioner's other customers and thereupon, at said hearing this Board adopted a motion and resolved that it approved the said stipulations; and

WHEREAS, the Board then set a public hearing to be held in connection with the said requested rate increase and related matters to be held at 7:30 P.M. o'clock on Thursday, September 15, 1977, in the auditorium of the Warrington Middle School and provided that a legal notice of said public hearing should be published once each week for two weeks prior to said public hearing and Proof of Publication has been filed by this Board setting forth that the said legal notice was published in The Pensacola Journal on August 27, 1977 and September 3, 1977 and the said public hearing was duly called to order and the Board proceeded to hold said public hearing and received evidence and exhibits from and in behalf of the petitioner and a report and recommendation from the Comptroller of Escambia County, Florida and statements and discussions by others, including the attorney for said Housing Authority and all of those in favor of and all of those opposed to proposed rate increase were given full and adequate opportunity to be heard; and

WHEREAS, the Board carefully and thoroughly considered the said Petition, Amended Schedule and Exhibits and reports and testimony in behalf of the petitioner and the report and discussions by the County Comptroller, the attorney for the said

Housing Authority and by all others desiring to make statements before the Board of County Commissioners of Escambia County, Florida; now, therefore,

BE IT RESOLVED by the Board of County Commissioners of Escambia County, Florida, as follows:

(1) It affirmatively appears, and it is hereby determined that the rates for water and water service now being charged by The Peoples Water Service Company in its franchise area (the Community of Warrington and its environs), as set forth in paragraph IV of the Petition, do not produce a reasonable rate of return to The Peoples Water Service Company, with the result that an increase in rates is justified and required and that the said increase in rates should be and shall be as follows;

(2) The following Schedule of Rates, to-wit:

WARRINGTON, FLORIDA

RATE SCHEDULE

I. BASIC RATE:

First	3,000 gallons per month	$	3.20
Next	7,000 gallons per month	$	.96/M gals.
Next	10,000 gallons per month	$	.85/M gals.
All Over	20,000 gallons per month	$	.78/M gals.

II. MINIMUM CHARGES

5/8" or 3/4" meter	$ 3.20 per month for	3,000	gallons
1" meter	$ 6.40 per month for	6,333	gallons
1-1/4" meter	$ 8.70 per month for	8,800	gallons
1-1/2" meter	$ 10.60 per month for	10,875	gallons
2" meter	$ 26.55 per month for	30,500	gallons
3" meter	$ 53.10 per month for	64,591	gallons
4" meter	$ 106.20 per month for	132,773	gallons
6" meter	$ 212.40 per month for	269,137	gallons

III. SPECIAL CHARGES

1. Where more than one living unit is served by one meter, a multiple minimum charge shall apply.

2. A. A reconnection fee of $7.50 will be charged for reinstating service after discontinuation of service for failure to pay.

   B. A turn-on fee of $3.50 will be collected for each turn-on or connection for service.

   C. A fee of $3.50 will be collected for each interruption of service made at the customer's request, i.e. for turn-off for repairs on customer's premises.

3. Sprinkler rates and private hydrants

2 inch connection	$ 3.75
3 inch connection	$ 4.50
4 inch connection	$ 6.00
6 inch connection	$ 9.00
8 inch connection	$ 15.00
10 inch connection	$ 22.50

Connections to sprinklers and private hydrants shall be for fire-fighting purposes only and no other uses shall be permitted.

4. Tapping Fees

3/4" service tap	$150.00
1" service tap	$200.00
1-1/2" service tap	$375.00
2" service tap	$225.00 plus cost of the meter

Larger than 2" service tap to be negotiated.

IV. EXISTING PUBLIC HOUSING UNITS
(To include existing Navy units so long as served through meters of existing public housing units.)

First	1,000,000 gallons	$	236.00
All Over	1,000,000 gallons	$	.31/M

Item Number 1 above is not applicable

172 Fire hydrants for public fire protection are furnished free of charge.

should produce substantial additional revenue as well as an increased rate of return on investment of 9%, which we find the petitioner is entitled to and said Schedule of Rates is hereby approved;

(3) An Order is hereby entered approving and setting the charges for water and water service by The Peoples Water Service Company in its franchise area in accordance with the above Schedule of Rates; and

BE IT FURTHER RESOLVED that this Resolution take effect immediately upon its adoption

STATE OF FLORIDA,

COUNTY OF ESCAMBIA.

I, JOE A. FLOWERS, COMPTROLLER and ex-officio Clerk to the Board of County Commissioners in and for the County and State aforesaid, do hereby certify that the above and foregoing is a true and correct copy of a resolution as the same was duly adopted and passed at a regular meeting of the Board on the 15th day of September, 1977, and as the same appears on record in my office.

IN WITNESS WHEREOF, I hereunto set my hand and official seal this 21st day of March, 1978.

JOE A. FLOWERS, COMPTROLLER
AND EX-OFFICIO CLERK TO THE
BOARD OF COUNTY COMMISSIONERS
OF ESCAMBIA COUNTY, FLORIDA

FLORIDA PUBLIC SERVICE COMMISSION
AUDIT DOCUMENT AND RECORD REQUEST/NOTICE OF INTENT

TO: Tony Boehk UTILITY: Peoples Water Service Co. of Fl, Inc.

AUDIT MANAGER: Debra Dobiac PREPARED BY: Hymavathi Vedula

REQUEST NUMBER: 29 DATE OF REQUEST: 07/31/09

AUDIT PURPOSE: Docket No.080695-WU; ACN09-160-2-1

REQUEST THE FOLLOWING ITEM(S) BE PROVIDED BY: 08/05/09
REFERENCE RULE 25-22.006, F.A.C., THIS REQUEST IS MADE: ☐ INCIDENT TO AN INQUIRY ☒ OUTSIDE OF AN INQUIRY

ITEM DESCRIPTION:

Please provide supporting documentation for plant profoma additions amount $213,444.

Thank you

Please See Attached Schedule

TO: AUDIT MANAGER: Debra Dobiac DATE: 8-3-09

THE REQUESTED RECORD OR DOCUMENTATION:

(1) ☒ HAS BEEN PROVIDED TODAY

(2) ☐ CANNOT BE PROVIDED BY THE REQUESTED DATE BUT WILL BE MADE AVAILABLE BY: ____

(3) ☐ AND IN MY OPINION, ITEM(S) ____ IS (ARE) PROPRIETARY AND CONFIDENTIAL BUSINESS INFORMATION AS DEFINED IN 364.183, 366.093, OR 367.156, F.S. TO MAINTAIN CONTINUED CONFIDENTIAL HANDLING OF THIS MATERIAL. THE UTILITY OR OTHER PERSON MUST, WITH 21 DAYS AFTER THE AUDIT EXIT CONFERENCE, FILE A REQUEST FOR CONFIDENTIAL CLASSIFICATION WITH THE OFFICE OF COMMISSION CLERK. REFER TO RULE 25-22.006, F.A.C.

(4) ☐ THE ITEM WILL NOT BE PROVIDED. (SEE ATTACHED MEMORANDUM)

(SIGNATURE AND TITLE OF RESPONDENT)

Distribution: Original: Utility (for completion and return to Auditor)
Copy: Audit File

Peoples Water Service Company of Florida, Inc.
Proforma Adjustment No. 1
2009 Conversion to Radio Read Meters

Overview:
Peoples started to convert consumers meters to radio read technology in fiscal year 2006.
The conversion was planned to be complete in fiscal year 2010.
Meters over 10 years old are replaced with new meters and radio transmitters.
Meters under 10 years old are upgraded with radio transmitters.
The below figures represent the related additions to utility plant for calendar year 2009.

Costs:

Meter	$ 43.50
Radio Transmitter	$ 107.50
New Assembly	$ 151.00

Route #	Meter & Trans.	Trans. Only	Total Services	Cost per Route	Consumers Meters 2630-140	Meter Transmitters 2631-140
270	110	73	183	$24,458	$4,785	$19,673

PEOPLES WATER SERVICE COMPANY OF FLORIDA, INC.
PSC Docket No. 080695-WU
Rate Case Actual and Estimated
LEGAL SERVICES

	Fees	Costs	Total
Expense Incurred to Date	$ 50,150	$ 5,365	$ 55,515
Estimate to Complete	$ 15,040	$ 800	$ 15,840
TOTAL ACTUAL AND ESTIMATED	$ 65,190	$ 6,165	$ 71,355

PEOPLES WATER SERVICE COMPANY OF FLORIDA, INC.
PSC DOCKET NO. 080695-WU
Application for Water Rate Increase
Legal Services Estimate to Complete

Audit Document Request and Response to Audit

Review of PSC audit report and data requests. Distribute same with comments and suggestions. Assist in preparing and reviewing responses. Telephone conference with accountants, clients and engineers re: same. Prepare, organize and file audit response and data request response.

15 hours at $320/hour + $300 in costs = $5,100

Customer Meeting

Assist in preparation for customer meeting and telephone conferences and emails with client re: preparation for and outcome of customer meeting.

2 hours at $320/hour = $640

Review Staff Recommendation and Final Agenda

Obtain and review staff recommendation. Work with client and consultants and PSC staff in responding to any other additional questions that arise between date of audit response and issuance of staff recommendation. Conference calls and discussions with client, engineer and accountants re: same and re: responses to same. Prepare for Public Service Commission agenda conference re: same. Meeting with client and consultants in preparation for agenda conference. Attend agenda conference, post agenda meetings and discussions with client and consultants. Obtain and review final order. Correspondence with client, accountant and consultants re: same and re: requirements of same. Assist client in conforming to all requirements of order and answer questions concerning implementation of order, required noticing, preparation and approval of tariffs, interim rate issues, and finalization of case.

30 hours at $320/hour + $500 in costs = $10,100

Fees	Costs	Total
$15,040	$800	$15,840

Notes

This estimate is based upon an expectation that the Utility will have some, though not extensive, issues with the findings of the audit report and the staff recommendation and that to the extent those exist, the Utility will be able to resolve them with the staff prior to final agenda conference. To the extent this matter requires extensive response to the audit report, staff recommendation or extensive additional research in order to provide additional information to the staff or to convince the staff of the inappropriateness of some adjustments made, estimated time and costs related to this matter will increase substantially. To the extent a formal hearing is required on any of the matters, findings within the Commission staff's audit, staff recommendation or order, substantial additional costs will be incurred for both legal and consulting services. Those have not been envisioned or included in this estimate.
