Re: Docket No. 110234-TP – Second Request for Confidential Classification

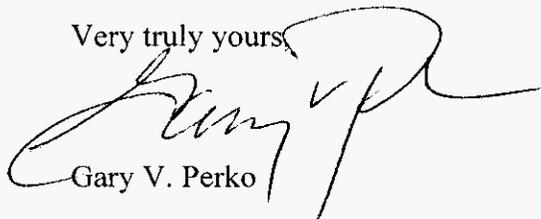

Dear Ms. Cole:

Enclosed for filing on behalf of Halo Wireless, Inc. ("Halo") are the following:

- (1) The original and seven copies of Halo's Second Request for Confidential Classification, including Exhibit A, which identifies by page and line the information for which Halo seeks confidential treatment.
- (2) An envelope containing Exhibit B, which includes two redacted copies of the confidential documents; and
- (3) A CONFIDENTIAL envelope containing Exhibit C which includes one copy of the documents on which the confidential material has been highlighted.

Please stamp and return the enclosed extra copy of this filing. If you have any questions regarding this filing, please contact the undersigned.

Very truly yours,

Gary V. Perko

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Complaint and petition for relief against Halo Wireless, Inc. for breaching the terms of the wireless interconnection agreement, by BellSouth Telecommunications, LLC d/b/a AT&T Florida. | DOCKET NO. 110234-TP
FILED: JUNE 22, 2012

**HALO WIRELESS, INC.'S SECOND
REQUEST FOR CONFIDENTIAL CLASSIFICATION**

Halo Wireless, Inc., (“Halo” or “Company”), pursuant to Section 364.183, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code, submits this Request for Confidential Classification of information provided by Halo to Staff in response to Bell South Telecommunications, LLC d/b/a AT&T Florida’s (“AT&T Florida”) First Set of Interrogatories and Request for Production. In support of this request, Halo states:

1. On May 25, 2012, Halo served its responses to AT&T Florida’s First Set of Interrogatories and Request for Production. At Staff’s request, Halo is now providing copies of responsive documents to the Commission. For the reasons discussed below, certain documents provided in response to AT&T’s Request for Production No. 1, Request for Production No. 2, and Request for Production No. 5 includes proprietary confidential business information.

2. In response to AT&T Florida’s Request for Production No. 1, Halo provided sensitive information related to Halo’s business and network plan. Public dissemination of this information presents a disclosure of trade secrets, as well as potential network security concerns to Halo and its underlying transport service providers. *See* § 364.183(3)(a) and (c), Fla. Stat. The information also relates to the competitive interests of Halo and underlying transport service providers, the disclosure of which would impair their competitive businesses. *See* § 364.183(3)(e), Fla. Stat. Accordingly, such information constitutes “proprietary confidential

business information,” which is exempt from disclosure under the Public Records Act pursuant to Section 364.183(1), F.S.

3. In response to Request for Production No. 2, Halo provided sensitive information related to Halo’s business and network plan. Public dissemination of this information presents a disclosure of trade secrets, as well as potential network security concerns to Halo and its underlying transport service providers. *See* § 364.183(3)(a) and (c), Fla. Stat. The information also relates to the competitive interests of Halo and underlying transport service providers, the disclosure of which would impair their competitive businesses. *See* § 364.183(3)(e), Fla. Stat. Accordingly, such information constitutes “proprietary confidential business information,” which is exempt from disclosure under the Public Records Act pursuant to Section 364.183(1), F.S.

4. In response to Request for Production No. 5, Halo provided sensitive information related to correspondence between Halo, AT&T, and the Market Disputes Resolution Division of the Enforcement Bureau of the Federal Communications Commission. Pursuant to FCC Rules 1.18(b) and 1.731, this information must remain confidential.

5. The following exhibits are included with this request:

(a) Exhibit A is a table which identifies the information for which Halo seeks confidential classification and the specific statutory bases for seeking confidential treatment;

(b) Exhibit B is a package containing two copies of redacted versions of the documents for which Halo requests confidential classification. In the redacted version of the documents, the confidential information has been blackened out by opaque marker or other means.

(c) Exhibit C is a package containing unredacted copies of the documents for which Halo seeks confidential treatment. Exhibit C is being submitted separately in a sealed

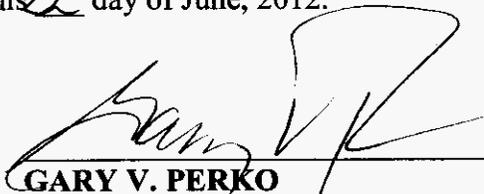

envelope labeled "CONFIDENTIAL." In the unredacted versions of the documents, the confidential information has been highlighted in yellow.

6. The information in Exhibit C is intended to be and is treated as confidential by Halo. The information has not been disclosed to the public.

7. Halo requests that the information in Exhibit C be classified as "proprietary confidential business information" within the meaning of section 364.183(3), F.S., that the information remain confidential for a period of at least 18 months as provided in section 364.183(4), F.S., and that the information be returned as soon as it is no longer necessary for the Commission to conduct its business.

WHEREFORE, for the foregoing reasons, Halo Wireless, Inc., respectfully requests that this Request for Confidential Classification be granted.

RESPECTFULLY SUBMITTED this 22nd day of June, 2012.
