Dear Florida PSC PSC,

We are in the middle of a pandemic with unemployment rampant in our state. Right now, Floridians need help making ends meet paying day-to-day expenses, including rising healthcare costs and prescription drug prices, as well as increasing rents and food costs.

What Floridians do not need now is to pay for services that benefits no more than 5 percent of ratepayers.

Please don't pass this sham deal. It would create an additional financial burden for many residents who are already financially stretched to the limit.

Do what's best for the consumers, not what would provide a financial windfall for the utility companies.

Sincerely,

Ms. Hope Tera
