I am against the proposed plan to increase the annual rate of 3-4% from 2021 to 2025.

Here's why: *↳ FOR EACH of these years.*

The State of Florida is a retiree state - which means many are on a fixed income.

For the year 2021, The Federal Government gave only a 1.3% Cost of Living increase.

What are retirees going to cut out of their own budgets if this is approved ???

Sincerely,
Keith Willard
