Florida Power and Light Proposed Substantial Rate Hike

**Message**

Florida Power and Light (FPL) is a very successful and profitable company. In all the years I have lived in Florida, I have FPL has proudly advertised how it seeks out the most effective energy sources for the provision of power. Now, according to AARP, FPL is requesting its largest rate increase in history. South Florida is an area that is home to seniors, many of whom are on fixed incomes, dealing with increases in insurance, healthcare, and other necessities.
