Dear Florida Public Service Commission,

Please accept my apologies for my absence from the full duration of this morning's hearing due to prior obligations. As requested, I am submitting my testimony via this email.

My name is Brian Bornemann, and I am an electrical contractor and the Owner of Infinity Electrical Solutions Inc. In our work, we regularly collaborate with FPL planners and field technicians. Since our company's establishment in 2014, we have consistently experienced outstanding communication from FPL, and it has noticeably improved over the years. The introduction of the online portal has been particularly beneficial for scheduling services required by our customers.

Beyond my professional experience, I am also an FPL customer at my residence. I am writing to express my support for the proposed rate increase, as I believe it is essential to ensure FPL can continue providing excellent services to both businesses and residential customers. If this increase is necessary for the company to maintain its high standards, it has my full support.

Sincerely,

Brian
