Say NO to FPL increase! Enough is enough!! Before a rate increase is approved we should make certain current expenses reflect core mission. For example:

- TV ads are not cheap. FPL could reduce PR and save money.
- The operation should take a hard look at resoliciting procurement. Vendors will lower prices amid competition.
- Are their franchise fees FPL pays which could be renovated?
- As a public held company profits should not be? Cost to cover operating, capital with a reasonable contingent in place.
- Take a look at tourism. Can the price for Floridians be spread out across tourism industry to help offset any increase if needed?

These items, at a minimum should be evaluated.

Thank you
Pat

Dear Florida PSC Commissioners,

The answer to FPL's bill hike and profit increase should be easy - NOPE!

As the Public Service Commission, please stand up for the public - not corporate profit-seeking. It is the responsibility of the PSC to regulate our utilities, not to simply rubber stamp every request.

Please say NO to FPL's rate hike.

Thank you.

Sincerely,
Ms. Alissa Schafer

Dear Florida PSC Commissioners,

As a Florida Power & Light (FPL) customer, I urge you the Florida PSC to reject the largest rate increase in U.S. History. In the past five years, FPL customers have seen bills rise by over \$400 annually. These increases disproportionately burden low income customers and older customers living on fixed income who can barely afford their utility bills as is.

It's already difficult to stay on top of the rising costs of gas, housing, and healthcare bills due to inflation—how am I supposed to afford a rate hike too? Why do I need to suffer when FPL raked in over \$10 billion in profits in the last five years? It is unconscionable to force customers to endure financial hardship so wealthy utility executives and shareholders can line their pockets.

Please stand up for Florida ratepayers and reject FPL's request for a higher return on equity and increase to the monthly base rate. The PSC must prioritize the needs of customers over corporate greed and ensure utility rates remain fair and affordable.

Please say NO to this massive rate hike.

I appreciate your consideration of my feedback on this historic rate proposal.

Sincerely,

Mr Eduardo Suarez
