Dear Mr. Wright:

By this letter, the Florida Public Service Commission staff requests that Florida Power & Light Company (FPL) provide responses to the following data request:

1. Please explain why the cost of the following projects appear to increase when FPL is planning to complete less projects in 2025 compared to 2024.
 - a. Distribution Inspection
 - b. Transmission Inspection
2. For the Transmission Inspection program, please explain why the cost decreased as the number of projects FPL is planning for 2025 increased.
3. Please refer to page 10 of FPL's SPP Annual Report. For the Actual/Projected Bill Impacts (SPPCRC + Base Rates) table. Please provide the bill impacts for the Storm Protection Plan Cost Recovery Clause separate from Base Rates.
