Dear Members of the Florida Public Service Commission,

I am writing to express my sincere appreciation for the exemplary service provided by Florida Power & Light (FPL), especially in the aftermath of last year's hurricanes. As a resident of Florida, I have been consistently impressed by FPL's swift response, dedication, and professionalism during these challenging times.

The efficiency and reliability with which FPL restored power in my community significantly minimized disruptions. Their crews demonstrated remarkable commitment and skill, often working under difficult conditions to ensure that essential services were restored as quickly as possible. As neighbors we got together to buy pizzas for the crews working in our neighborhood as they worked around the clock.

I believe such efforts deserve recognition and hope that the Commission will consider my commendation as a reflection of the positive impact FPL has made on our communities. Thank you for your attention to this matter.

God Bless!
