Case Background

Section 366.91(3), Florida Statutes (F.S.), requires each investor-owned utility to continuously offer to purchase capacity and energy from renewable generating facilities and small qualifying facilities. Rules 25-17.200 through 25-17.310, Florida Administrative Code (F.A.C.), implement the statute and require each investor-owned utility to file with the Commission, by April 1 of each year, a revised standard offer contract based on the avoiding or deferring purchases for utilities with no planned generating additions. On April 1, 2025, Florida Public Utilities Company (FPUC) filed a petition for approval of the 2025 Standard Offer Contract and request for temporary waiver of Rule 25-17.250(1), F.A.C., regarding the annual filing requirement. The rule waiver is not part of this recommendation and will be handled separately.
