To whom this may concern: I am fully in favor of supporting the FPL rate increase. In my personal experience, I've seen the good work FPL has done to deliver inexpensive electricity and energy to my community. Being in the restaurant business, I'm lucky to have FPL working so quickly to restore power to our communities after major storms. I have business affiliates in other states where this isn't the case. Delays have a major impact on businesses as well as homes with how they can operate and recover. Thank you.
