Dear Commissioners,

I write to you as an FPL customer of many years, who, like so many of us these days in these roiling times, am struggling with stagnant wages and skyrocketing prices. Florida has nearly priced us out of the state.

Knowing that FP&L plans to increase rates 17% makes me wag a finger at such an unprecedented hike and to implore that you do not do this to your customers. We are already struggling! You had profits of over \$4 billion last year. You can deliver power to your customers without gouging prices in this manner.

Please vote against a rate hike!
