CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I urge you to reject the FPL rate increases. When they took over from Gulf power there was a massive increase and they have continued to increase the rate at every opportunity, this must stop

FPL actually owns a fleet of drones to supposedly overlook damage, this is a waste of our money and could more easily served by a photographer riding in the fema/ national guard helicopter which would be free to FPL

Please stop them from stealing more, fuel prices are at a five year low so there is no way they can justify a rate increase except by exposing their waste and mismanagement

Respectfully
