Good afternoon,

Thank God I no longer have FPL as of this month; HOWEVER, the crooks sent me a final bill totaling over \$700.00 which included approximately \$200 + of their "budget plan". Due to the outrageous charges by FPL in addition to homeowners insurance which is another BIG no-no; we had to sell our home of over 51 years, we no longer could afford these expenses. Both my husband and I are close to 80 years young and living off social security, so you can only imagine.

Please help the senior citizens as alot of us are having a hell of a time staying afloat.

May God bless you and yours.

Regards,

Madeleine Medina

Dear Florida Public Service Commissioners,

As a Florida Power & Light (FPL) customer, I strongly oppose the largest rate increase in U.S. History. This excessive hike would place an unfair burden on customers, especially low-income customers or older adults on fixed incomes who simply cannot afford to pay more.

With costs for housing, healthcare, and everyday essentials already high, the last thing I need is a higher electric utility bill. FPL is already a highly profitable company—asking customers to pay more just to boost corporate profits is completely unacceptable.

I urge you to reject FPL's request for a higher return on equity and increase to the monthly base rate. The PSC must prioritize customers over corporate greed and ensure utility rates remain fair and affordable.

Please stand up for Floridians and say NO to this massive rate hike.

Thank you for your time and consideration.

Sincerely,

Madeleine Medina
