Dear Florida Public Service Commissioners,

As a Florida Power & Light (FPL) customer, I s oppose the largest rate increase in U.S. History. This excessive hike would place More of a burden on middle class people and especially low-income customers or older adults on fixed incomes like me . On a fixed income between auto, homeowners, flood insurance, HOA fees, mortgage not much left for overpriced food thanks too big beautiful tariffs.

With costs for housing, healthcare, and everyday essentials already high, the last thing I need is a higher electric utility bill. FPL is already a highly profitable company—asking us to pay more just to boost corporate profits is completely bullshit.

Please reject FPL’s request for a higher return on equity and increase to the monthly base rate. The PSC must prioritize customers over corporate greed and ensure utility rates remain fair and affordable.

Please stand up for Floridians and say NO to this massive rate hike.

Thank you for your time and consideration.  
Scott Machler

Sincerely,

Scott Machler
