Subject: Keep FPL Rates Down Docket #20250011

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Dear Florida Public Service Commissioners,

As a Florida Power & Light (FPL) customer, I strongly oppose the largest rate increase in U.S. History. This excessive hike would place an unfair burden on customers, especially low-income customers or older adults on fixed incomes who simply cannot afford to pay more.

With costs for housing, healthcare, and everyday essentials already high, the last thing I need is a higher electric utility bill. FPL is already a highly profitable company—asking customers to pay more just to boost corporate profits is completely unacceptable.

I urge you to reject FPL's request for a higher return on equity and increase to the monthly base rate. The PSC must prioritize customers over corporate greed and ensure utility rates remain fair and affordable.

Please stand up for Floridians and say NO to this massive rate hike. I am also one of your struggling retired FL teachers and as I have send you in many prior emails, ENOUGH IS ENOUGH. This also affects your reputation which up until 7-8 years ago was stellar with

you supporting us Florida citizens! I have live in FL for 55 years, and YOU MUST NOW DO AGAIN THE RIGHT THING. YOU MUST STOP FPL's corporate greed because the majority of us cannot afford these continual out of control rate increases for the benefit of a now corrupt utility at FL taxpayers expense. (By the way, my most recent electric bill was \$12 more than the same time/month in 2024 and I am keeping my AC at 85 degrees in my condo. That is all part of the 15% rate increase you gave FPL which started in 1/1/2025! At 75 yrs of age I would like to keep my condo at 83-84 degrees, but can't afford it.

I am begging you to PLEASE DO THE RIGHT THING. Thank you

Respectfully submitted again,

Ms Janet M. O'Connell

Sincerely,

Janet OConnell
