Subject: Reject FPL's Rate Increase

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Dear Commissioners:

As an Okaloosa County resident, I urge the Florida Public Service Commission to deny Florida Power and Light's proposed rate increase. The public has voiced strong opposition to this rate hike, which adds financial strain to middle-class Floridians already coping with inflation. This additional cost, primarily supporting solar and battery development, offers little direct benefit to everyday citizens.

Reject FPL's biggest rate increase; approving it could push Florida's middle class into further financial hardship, and for some, this rate hike could be the last straw that truly breaks their backs.

Sincerely Yours,

Julie Snow
