Subject: Grenelefe Water Utility Rate Increases

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I am writing to urge the commission to reject the staff recommendations to place any burden of the treatment plant upgrades on the current residents of Grenelefe and instead allow the utility owner, Scott House, to recoup the \$20 million in upgrades from the new developers and new construction in Grenelefe through the new connection fees. Grenelefe and the water utility were left in disrepair by the Westgate Corporation and the current residents have suffered enough. We have sat through numerous Polk County Commission meetings where it was agreed these upgrades would be placed on the new home construction and we ask that you honor those agreements.

Thank you
Matt Mackivitch
