**CUSTOMER COMMENTS**

I'm writing to urge the Commission to reteject the staff recommendation to place any burden of the treating plant upgrades on the residents of Grenelefe and instead allow the utility owner, Scott House, to recoup the \$20 million in upgrades from the new developers and New construction in Grenelefe through new connection fees. Grenelefe and the water utilities were left in despair by the Westgate Corporation and the current residents have suffered enough. Residents sat through numerous Polk County Commission meetings where it was agreed these upgrades would be placed on new homes construction and we'd ask you to honor those agreements.
