This energy monopoly sucks. We are paying 75% more from 2 months ago and we are using less. How do we get help for this? Ultimate corruption. My parents sold teco 15 acres for solar panels that are constantly on fire and wasting resources. Your administration is hurting so many people. Please stop destroying this state and allowing over development. My son goes to Dunedin high. You used to be a real person. I used to support you. The money you have stolen will not save your soul.
