I would like to voice my opposition to changing the CDD program for Grenelefe.

I believe that Polk County Commission should maintain the agreement that was made with the Polk County Board as to the CDD being paid by new building only. The current customers will be treated unfairly if your group changes to include them in the CDD increase. This would have an adverse effect on property values. This community also includes rental properties and would put a heavy burden on renters.

Please weigh heavily in your thoughts about any changes to be made before you destroy our long-respected community.

Thank you
