CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Dear Florida Public Service Commission PSC,

My name is TIM Whitehill, and I am a resident of Broward county. As a Florida Power & Light customer, I strongly oppose the rate increase request of almost \$10 billion — the largest in US history. This unjust and excessive increase would further cause everyday Floridians, especially Black and Brown communities, to fall deeper into a burden caused by the high costs of living currently.

During the public service hearings, we witnessed firsthand how real Floridians are currently struggling to pay their bills, rent, groceries, and medications. Community organizations are standing up against corporate greed and revealing the conditions that everyday Florida residents are currently experiencing.

The PSC should prioritize consumers by ensuring fair and affordable utility rates. I urge the Public Service Commission to reject this massive rate hike and stand by Floridians and not for-profit corporations. We need affordable and clean energy.

Sincerely,
Mr. Tim Whitehill

Dear Florida Public Service Commission PSC,

My name is Jeffrey Gibson, and I am a resident of Broward County. As a Florida Power & Light customer, I strongly oppose the rate increase request of almost \$10 billion — the largest in US history. This unjust and excessive increase would further cause everyday Floridians, especially Black and Brown communities, to fall deeper into a burden caused by the high costs of living currently.

During the public service hearings, we witnessed firsthand how real Floridians are currently struggling to pay their bills, rent, groceries, and medications. Community organizations are standing up against corporate greed and revealing the conditions that everyday Florida residents are currently experiencing.

As for myself, I'm a Navy Veteran with disabilities barely able to pay basic bills with the income I have.

There's not even a special program for veterans struggling to pay their electric bill, as there really should be. If there was, it shouldn't be made complicated for veterans to qualify based on their income level.

Additionally, no one here on a green card or other permissions from another country should ever get assistance. If they come here, they must cover themselves completely without any taxpayer help whatsoever.

AMERICANS ONLY! Migrants have zero right to anything in the USA.
NO GREEN CARD or other status migrants should get any help!

The PSC should prioritize consumers by ensuring fair and affordable utility rates. I urge the Public Service Commission to reject this massive rate hike and stand by Floridians and not for-profit corporations. We need affordable and clean energy.

Sincerely,
Mr. Jeffrey Gibson

Dear Florida Public Service Commission PSC,

My name is Rose Parsons and I am a resident of Broward County. As a Florida Power & Light customer, I strongly oppose the rate increase request of almost \$10 billion — the largest in US history. This unjust and excessive increase would further cause everyday Floridians, especially Black and Brown communities, to fall deeper into a depressive situation caused by the high costs of living currently being felt.

During the public service hearings, we witnessed firsthand how real Floridians are currently struggling to pay their bills, rent, groceries, and medications.

This rate hike is simply corporate greed!!! Our community organizations are standing up against it and revealing the conditions that everyday Florida residents are currently experiencing.

The PSC should prioritize consumers by ensuring fair and affordable utility rates. I urge the Public Service Commission to reject this massive rate hike and stand by Floridians and not for-profit corporations. We need affordable and clean energy.

Sincerely,
Mrs. Rose Parsons
