# ORDER GRANTING DUKE ENERGY FLORIDA, LLC'S FIRST REQUEST FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION DOCUMENT NO. 00385-2024

On October 30, 2025, Duke Energy Florida, LLC (DEF) filed its First Request for Extension of Confidential Classification of its response to the Office of Public Counsel's (OPC) First Set of Interrogatories Nos. 9 and 21 and OPC's First Request to Produce Documents Nos. 7, 8, 17, and 33 (Document No. 00385-2024). This material was originally granted confidential classification by Order No. PSC-2024-00141-CFO-EI issued May 3, 2024.

### Request for Confidential Classification

DEF contends that the information provided in response to OPC's First Set of Interrogatories Nos. 9 and 21 and OPC's First Request to Produce Documents Nos. 7, 8, 17, and 33 continues to contain information of a confidential nature, which is proprietary confidential business information within the meaning of Section 366.093(3), F.S.

DEF contends that the information continues to be proprietary and confidential business information within the meaning of Section 366.093(3), F.S. This information is intended to be and is treated by DEF as private, and its confidentiality has been maintained. This information consists of the negotiated terms of contracts and mutual aid agreements, contractor invoices, Excel spreadsheets calculating invoice payments and explanations concerning invoices for line crew contractors providing restoration work. Therefore, DEF contends that this information continues to be protected by Section 366.093(3)(e), F.S. Releasing the bid and contract data contained in these responses also would impair the competitive businesses of both DEF and the contractors providing line crews in violation of Section 366.093(3)(d), F.S.

### Ruling

Section 366.093(1), F.S., provides that records the Commission has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public.
