

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Application for increase in water and wastewater rates in Charlotte, Highlands, Lake, Lee, Marion, Orange, Pasco, Pinellas, Polk, and Seminole Counties, by Sunshine Water Services Company.

DOCKET NO. 20240068-WS

DATED:

**JOINT STIPULATED STATEMENT IN SUPPORT OF MODIFIED RECORD**

Pursuant to Florida Rules of Appellate Procedure 9.190(c)(6) and 9.200(a)(3), the Office of Public Counsel (OPC), the Florida Public Service Commission (Commission), and Sunshine Water Services Company (Sunshine Water)(collectively, the Parties), file this Joint Stipulated Statement in Support of Modified Record, and provide notice of the Clerk of the Commission of their intention to rely on a modified record, and in support state:

1. The issues to be presented on appeal stem from appeals by OPC of two orders of the Commission regarding a request for rate increase by Sunshine Water. The first order, PSC-2025-0196-FOF-WS, rendered June 6, 2025, is a Final Order Granting in Part and Denying in Part Sunshine Water's Petition for Rate Increase. The second order, PSC-2025-0363-FOF-WS, rendered September 25, 2025, is a Final Order Granting in Part and Denying in Part OPC's Motion for Reconsideration.

2. There are certain broad categories of documents that the Parties jointly agree are not necessary for the Court's determination of the issues to be presented: discovery notices, Minimum Filing Requirements, pre-filed testimony that was not ultimately admitted into evidence, and undisputed confidentiality requests and related filings.

3. Pursuant to Florida Rule of Appellate Procedure 9.190(c)(2), the record in an administrative appeal includes summonses, subpoenas, returns, and discovery notices. Those items are typically excluded in a non-administrative appeal, pursuant to Florida Rule of

Appellate Procedure 9.200(a)(1). The parties jointly stipulate and agree that such items are not necessary for the Court's determination of the issues to be presented.

4. In addition, proceedings before the Commission also require certain items in support of the petition to be pre-filed, such as Minimum Filing Requirements (MFRs) and pre-filed testimony. To the extent that documents that were part of the MFRs were ultimately admitted into evidence, there is no need to have that information in the record twice. Conversely, to the extent that pre-filed testimony was later modified or withdrawn, or otherwise not admitted into evidence, there is no need to include that information in the record. The Parties jointly stipulate and agree that such items are not necessary for the Court's determination of the issues to be presented.

5. Finally, litigation of rate cases before the Commission involves the use of substantial confidential documents. There was no dispute in this matter regarding whether documents were properly determined to be classified. Accordingly, the Parties jointly stipulate and agree that documents related to confidentiality requests are not necessary for the Court's determination of the issues to be presented.

6. The Parties have jointly stipulated and agreed to which items should be included in the modified record to be sent to the Court. Those determinations are reflected in the attached Exhibit A. Items to be included in the modified record are denoted by being highlighted. The excluded items generally fall into one of the three categories discussed above, but may also include other items.

Respectfully submitted this 3rd day of December, 2025.
