CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

We purchased a condo in the Greenleaf development in September 2023. Since purchasing the condo, there have been multiple times that there have been issues with water service. The biggest issue is with boil water notices. The notices stay in effect anywhere from a couple of days to up to two weeks. As a customer of the provider it is unacceptable to me that there are so many issues with water service in this community.

Thank You, Richard
